

Exciting news for all customers of EJ Global Inc. and EJ Global Services Inc.

Dear Valued Customer,

We are pleased to announce that effective Dec.1/09, both EJ Global companies have joined forces with L. KLAUS Enterprises Ltd. and will operate as a new Company, **Klaus Global Inc.**

Over the years, both EJ Global and Klaus Enterprises have earned a reputation for quality, innovation and outstanding customer service for their respective supply and repair of rotating equipment.

The synergies that were combined into **Klaus Global Inc.** allow for new and expanded machining and mechanical repair capabilities as well as supply of added product lines, to serve our valued customers even better.

What is new and how does this benefit you?

The company name, **Klaus Global Inc.** was chosen to replace the EJ Global banner, to reflect the combined strength and expanded offering of products and services to local and global industries.

New benefits to you include:

- A one-stop resource for manufacture and repair of rotating equipment.
- Additional product lines available to you, including ACI Cylinders & Unloaders.
- In-house engineering for compressor valve and mechanical seal applications.
- An amazing amount of rotating equipment and engineering expertise to assist you with problem solving.
- Increased service capabilities such as CNC machining and thread rolling, spray coating and mechanical seal repairs.

What remains unchanged?

Our ongoing commitment to all of our valued customers that we will provide the best quality service and always strive for excellence.

Thank you to all of our loyal customers for your past business and we look forward to working with you under the new **Klaus Global Inc.** banner.

Sincerely,

Joe Tschanz

VP
